ANNUAL REPORT :2005-06

INTRODUCTION :- Library of College of Veterinary and Animal sciences , Udgir has been established in the year 1987 with the inception of the college. It is functioning to cater to the literature needs of the students and staff of this college. The demands of the scientific literature are growing day by day with the inception of new courses and the pattern of examination in different subjects. The demands for literature and information from academic community have compelled to strengthen the library by literature as well as human resources and to organize effective services to them. With the minimum resources and inadequate untrained staff , the library is giving better services to the students and staff of this college.

**E. Library Building :**

The library was functioning in a hall having carpet area of 665 Sq.ft. during the year under report. However ,provision has been made in existing financial year for the renovation and modification of a big hall in the library building . At the end of this year the renovation work has been completed and the library has been shifted in a separate library premises with following facilities,;

1.	Reading hall ( Students)	Size	452.50 sq ft.
2.	Accommodation	;	30 Students
3.	Reading Hall ( Staff )	:	296 sq.ft.
4.	Accommodation	:	10 staff
5.	Stack Room	:	400 sq.ft.
6.	Librarian`s Room/computer Room	:	289 sq.ft.
7.	Circulation counter	:	116 sq.ft.
8.	Total carpet area of library	:	1560 sq.ft.

**F. Library Automation :**

Library is marching towards the automation of the library services . In the last financial year a Computer System with a monitor , CPU and Printer has been purchased for the library and efforts are made to establish a internet facility for the students and staff of this college. Due to the lack of trained , professional supporting library staff , it become difficult to install the library software for the automation. The available staff is purely temporary. The services of the existing staff can be transferred to any other establishment . Therefore , the Library services can not be automated.

**G. ERNET Connectivity :**

ERNET has signed with ICAR to connect 182 institutes on intranet and internet ,so as to form ICAR-Net through ERNET backbone . COVAS , Udgir has been selected under National Agricultural Technology Project of ICAR for ERNET connectivity. The work of connectivity has been assigned to HCL Comnet by ERNET . Accordingly the experts from HCL has installed the Antena and the Numeric Power System has provided UPS as a part of the installation of the VSAT Connectivity.

**H. Local Area Network (LAN) :**

As per the letter No. ERNET / NATP/ O &M dated 30.7.2004 of National Co-ordinator of NATP OF ICAR , We have to establish LOCAL AREA NETWORK for the ERNET Connectivity considering the advance information technology required for students and staff of this college. . The ERNET Connectivity has been provided through 17 nodes to the departments in the administrative wing of the college . Efforts has been made to establish Wireless LAN for the scattered departments in the campus. In this connection ,make contact with HCL COMNET , NATIONAL INFORMATION CENTRE , ELECTRONIC CORPORATION OF INDIA but there was no response from the firms. It was also tried to establish the WIRELESS LAN through M/s Ambika computers, Latur.but they felled to produce the necessary documents required for the same . It was not possible to establish the WIRELESS LAN due to the non-availability of the expertise services.

**I. Library Finance :**

No specific budget is allotted to library for the procurement of the library resources at the beginning of the year. However, Indian Council of Agricultural Research, New Delhi has allotted an amount of Rs. 40,000/- for the purchase of books. The MAFSU, NAGPUR has provided the books amounting to Rs.1,03,809.00 for the library.

**REQUIREMENTS OF LIBRARY AND INFORMATION CENTRE**

**1. Supporting Library Staff :**

**Introduction** :-The Library of College of Veterinary and Animal Sciences, Udgir is functioning since 1987 to cater to the literary demands of the Academic Community. The demands of the scientific literature are growing day by day with the inception of new courses and postgraduate studies in different disciplines in veterinary and animal sciences subject. The educational and research activities in this college have been intensified as the students and staff are striving hard to solve the problems of the rural poor community in Latur district in the field of agriculture and animal husbandry. They need to support with the latest advanced information technology.

The library of College of Veterinary and Animal Sciences, Udgir is under staff. Many administrative problems are raised due to the non availability of technical trained supporting library staff. There is workload with the issuing of books, recording and maintenance of newspapers, Xeroxing, maintenance of Xeroxing record, recording of periodicals, newsletters, maintenance of back volumes of periodicals, maintenance of book stack. All these works are routine and we can not postpone or avoid these work. Library is essential service centre. The staff working in library needs to be attentive in the work. For the efficient library services it is essential to have supporting library staff as per the I.C.A.R. / U.G.C. Norms.

### **Proposal :-**

Now the library is run by one Assistant Librarian and one peon only. The staff of the library is quite inadequate in light of the prescribed norms of I.C.A.R. and University Grants Commission and the existing workload in the library. The outlined achievements of college library could be gained with a great strain on the part of this components.

It is proposed to appoint the supporting library trained staff as per the ICAR – UGC Norms prescribed for the college library. with the qualification in the Library and information Science subject.

UDGIR.413 517. DIST. LATUR

ANNUAL REPORT :2006-07

INTRODUCTION :- Library of College of Veterinary and Animal sciences , Udgir has been established in the year 1987 with the inception of the college. It is functioning to cater to the literature needs of the students and staff of this college. The demands of the scientific literature are growing day by day with the inception of new courses and the pattern of examination in different subjects. The demands for literature and information from academic community have compelled to strengthen the library by literature as well as human resources and to organize effective services to them. With the minimum resources and inadequate untrained staff , the library is giving better services to the students and staff of this college.

**D. Library Staff :**

The library staff is perhaps the most important component to play an important role in the developmental activities of college. Presently there is no adequate trained library staff as per the ICAR/ UGC Standard and Norms to run the library. The library is manned by only one professional, and one class IV peon. However, the services of a Agricultural Assistant are pulled in the library. The lacuna in the trained , professional library staff causes the loss of books and interruptions in the library services. The proposal for the appointment of trained library staff was approved in the College Advisory Council Meeting and was submitted to the MAFSU for the consideration and approval .

## REQUIREMENTS OF LIBRARY AND INFORMATION CENTRE

### **1. Supporting Library Staff :**

**Introduction** :-The Library of College of Veterinary and Animal Sciences, Udgir is functioning since 1987 to cater to the literary demands of the Academic Community. The demands of the scientific literature are growing day by day with the inception of new courses and postgraduate studies in different disciplines in veterinary and animal sciences subject. The educational and research activities in this college have been intensified as the students and staff are striving hard to solve the problems of the rural poor community in Latur district in the field of agriculture and animal husbandry. They need to support with the latest advanced information technology.

The library of College of Veterinary and Animal Sciences, Udgir is under staff. Many administrative problems are raised due to the non availability of technical trained supporting library staff. There is workload with the issuing of books, recording and maintenance of newspapers, Xeroxing, maintenance of Xeroxing record, recording of periodicals, newsletters, maintenance of back volumes of periodicals, maintenance of book stack. All these works are routine and we can not postpone or avoid these work. Library is essential service centre. The staff working in library needs to be attentive in the work. For the efficient library services it is essential to have supporting library staff as per the I.C.A.R. / U.G.C. Norms.
