VICE-CHANCELLOR

**Dear Student Friends,
Warm Greetings,**

The Veterinary Science and Animal Husbandry indeed is a highly noble and rewarding profession. The field is diversifying and growing especially in livestock and poultry. These sectors have shown a rapid growth in past few decades and are contributing significantly to the gross domestic produce (GDP) of the country derived from agriculture. Good health has become important not just for human being but also for animals. The Veterinary and Animal Science sectors is the pillars contributing to the technology led growth in achieving the nutritional security and wellbeing of mankind. In recent years, emerging zoonotic diseases and food safety issues have been given priority at national and international level.

The Veterinary profession plays a very important role in, treatment, diagnosis, production and conservation of livestock and birds. There are many private players taking up Veterinary and Animal Husbandry as an entrepreneurship, particularly in areas of modern farming, biotechnology, genetic engineering, nanotechnology, vaccines, diagnostics, therapeutics, feed and value added animal and poultry products thereby opening up new avenues for veterinary graduates. Companion animals (dogs, cats etc.) practice in cosmopolitan cities, establishment of dairy and poultry industries, milk and meat processing centers, establishment of livestock business and marketing etc. are gaining momentum. Even the demand for Veterinary graduates for research, teaching and extension in both, developed and developing countries is on a rise. Besides this, the veterinarians also have opportunities for getting placements in the military, paramilitary, municipal corporations, medical research, insurance, bank sector and State Animal Husbandry Services. Veterinarians are also in great demand for the conservation and treatment of wild animals.

I am delighted to know that you are interested in pursuing your graduate studies with specification in Veterinary Science and Animal Husbandry. I am sure that at the end of the academic career you will be all groomed to take up this profession to greater heights with your zeal and enthusiasm.

I wish you a very bright and successful career.

(A. M. Paturkar)
